SAFEBOX INSTRUCTIONS

KALYPSO HOTEL

To set a personalized code for the safe in your room, watch the small video below, or read on:

The safe in your room looks like this.

SAFEBOX
INSTRUCTIONS

KALYPSO
HOTEL

Open the door and locate the red button between the hinges.

SAFEBOX INSTRUCTIONS

KALYPSO HOTEL

Press and hold the red button until you hear a beeping sound. Release it.

Next, key-in a 4-digit code of your choice, easy for you to remember. Confirm by pressing #

SAFEBOX
INSTRUCTIONS

KALYPSO
HOTEL

You can now put your valuables in the safe. Close the door by turning the lever counterclockwise.

Confirm the door is locked!

SAFEBOX INSTRUCTIONS

KALYPSO HOTEL

To unlock the safe, key-in your code, then press *. The green led is lit.

Turn the lever clockwise and pull the door open.

If the wrong code is keyed-in,

Wait 20”

before trying again.

If the wrong code is keyed-in three times in a row,

Wait 5 minutes

SAFEBOX INSTRUCTIONS

KALYPSO HOTEL

Contact the reception if the red led is constantly lit on (batteries must be changed) or if you are facing trouble using the safe.
